

ARMY PROVISION OF BILL

Gardner Says 40 Years Will Be Needed to Equip Militia at Rate in Army Measure.

SETS 34 YEARS AS TIME TO COLLECT MUNITIONS

Pay State Solon Says Congress Must Follow Recommendations of Treat Board.

It will take forty years to equip the National Guard with proper artillery at the rate specified in the army appropriation bill, and thirty-four years to accumulate sufficient ammunition, according to Representative A. P. Gardner of Massachusetts in a speech in the House today. Representative Gardner was discussing the army appropriation bill. He said, in part:

Forty Years to Equip Militia.

"This bill appropriates \$3,000,000 for artillery for the National Guard. At that rate of appropriation it will take a little over forty years to accumulate the cannon necessary to equip a National Guard of the size provided in the new army act. This bill also appropriates \$5,000,000 for ammunition for the artillery of the National Guard. At that rate, thirty-four years will elapse before we can accumulate sufficient artillery ammunition to equip the citizen soldiery which we have just voted to provide during the next five years."

Must Follow Latter Board.

"The treat board, so called after its chairman, Col. T. Treat, has recently reported on the needs of the United States Army in the matter of artillery. The treat board was appointed in consequence of the changed conditions arising out of the European war. Unquestionably, Congress must in the end follow the judgment of this latter board, rather than the judgment of the old board, which reported in 1911. "Gen. Crozier asked for the modest appropriation of \$1,000,000 for machine guns for the National Guard. For some reason or other this item was entirely omitted from the bill; but the machine gun appropriation for the regular army is far too small. It is calculated on the basis of five machine guns to a regiment, whereas the War Department has now calculated on twelve guns to a regiment."

ASQUITH PAYS TRIBUTE TO WORK OF KITCHENER

Moves Resolution Authorizing Erection of Memorial to Late Field Marshal.

LONDON, June 21, 3:40 p.m.—In moving a resolution authorizing the erection of a memorial to the late Field Marshal Earl Kitchener out of the public funds, with an inscription expressing admiration of the house for his illustrious career and gratitude for his services, Premier Asquith in the house of commons today recalled the recent meeting of Lord Kitchener with members of the house, which ended in the field marshal and his most persistent and irreconcilable critics parting on terms of mutual respect. When Kitchener said farewell to him after nearly two years of intercourse, through all the strain and stress of the war, continued the premier, there was no thought of anything but a temporary parting; no foreshadowing of a separation which neither time nor space could bridge. "Providence," said the premier, "was preparing for him a sudden relief from the burden of care and toil, and we shared his counsils in the greatest emergency of our time can only bow our heads before the supreme will."

Reviews His Career.

Reviewing Lord Kitchener's career, Premier Asquith said his name was associated inseparably with the greatest achievements of the time—the emancipation and regeneration of Egypt. From Egypt, the premier went on, Lord Kitchener was called to cope with a great imperial emergency in South Africa, where in due time he brought hostilities to a close and helped lay the foundation of a new and rapidly consolidating fabric which has welded alienated races and given the greatest conflict of today an example of the services which local autonomy could render to imperial strength. In the next year he reconstituted and reorganized the armies, native and British, of India, and on being recalled to Egypt he was displaying the same gifts in civil administration that he had shown in his military career when the present war broke out. "He brought to his new task," said the premier, "the same sleepless energy, rare resources and masterful personality which never failed him. I will only say this: Few men have less reason to shrink from submitting their lives to the pure eye and perfect wisdom of an all-judging God."

MANY GRADUATES AT U. OF P.

Several Honorary Degrees Conferred at Commencement Exercises.

PHILADELPHIA, June 21.—One of the largest classes in the history of the University of Pennsylvania was graduated today at the 16th commencement exercises. Honorary degrees were conferred upon the following: Master of laws—Margaret Center Klingensmith, Philadelphia, writer on legal subjects. Master of arts—Herbert S. Houston, New York. Doctor of letters—Horace Howard Furness, Jr., Philadelphia, Shakespearean scholar. Doctor in chemistry—Daniel Lincoln Wallace of the University of Pennsylvania. Doctor of laws—Prof. Bliss Perry of Harvard University, Dr. Charles Karsner Mills, University of Pennsylvania, and Samuel Black, McCormick, chancellor of the University of Pittsburgh. The commencement oration was delivered by Prof. Bliss Perry.

EIGHTH GRADE PUPILS RECEIVE CERTIFICATES

Graduation Exercises Are Held Today in All Parts of City. Salaries Due Friday.

Eighth grade pupils in all parts of the city held graduation exercises today, it being the custom of recent years to present certificates to children completing the grade work successfully. This is done because many do not go to high school, thereby getting a diploma later.

Many eighth grade pupils have also held class nights during the last several days. In a large number of classrooms today the classes held exercises of a more informal nature.

While the school year is ended for the boys and girls, it will be necessary for the teachers to continue their work until the end of the week, probably, "cleaning up" details which could not be given attention while school was in session. The officials will be at work throughout the summer except for their regular vacation period.

Friday Set as Pay Day.

Teachers are to receive their salaries Friday. Unless emergency deficiency bill now pending before Congress is passed, they will be "docked" their longevity pay. This amounts in some instances to as much as \$30.

Class night exercises were held at the Tenley School last evening, one of the features being the dramatization of "The Man Without a Country." Among those taking part in the performance were Alice Humphries, Edith Goldberg, Eula Jones, Sarah Stern, Dr. Frank J. Rowell, Esther Barr and Katherine Miller.

Exercises of a similar nature were recently held by eighth grade pupils of the Maury School. Luther Dyer, class president, presided. Others taking part in the exercises were Clarence Reese, Mildred Carroll, Clifton Zier, Seth McDonald, Julia Zier, Lucille Curtis, Leighton Johnson and Prof. Oates.

MRS. R. A. DREXEL GIVEN ANNUAL SUM OF \$50,000

London Court Awards Judgment Against Her Husband, From Whom She Is Separated.

LONDON, June 21, 12 noon.—Mrs. Rita Armstrong Drexel, wife of Anthony J. Drexel, the American banker, was given judgment against her husband for a yearly allowance of \$50,000 by Justice Neville in the chancery court today. When the case was last before the court, in December, 1915, Mr. Drexel contested the jurisdiction of the English courts on the ground that he was a resident of France. This point was decided against him, and when court opened today the banker's attorney said that as it had been decided that the English courts had jurisdiction he could not defend the case.

Separation Occurs in 1911.

Mrs. Drexel separated from her husband in 1911, while they were living in London, and it was announced that she proposed to institute divorce proceedings. These proceedings were dropped when the separation agreement was entered into by which Mrs. Drexel was to receive an annual sum of \$50,000, and five per cent of the life of her husband, aggregating \$300,000, which were to be assigned to a trustee and held for her benefit in event of the banker's death. In July, 1915, Mrs. Drexel filed a suit for a divorce in Paris and stopped the allowance to his wife. The present suit was the result of this action. The Drexels were married in 1886 and have lived abroad for the last twenty years.

28 GIRLS ARE HONORED.

St. Edith Academy, at Manassas, Va., Holds 22d Commencement.

MANASSAS, Va., June 21.—The twenty-second annual commencement exercises of St. Edith Academy closed yesterday. Twenty-eight honors were distributed among the girls of the academy, eight of whom received certificates of graduation from the eighth grade. The class rings, presented to members of the first, second and third year high school classes by W. A. Johnston of Washington, D. C., were won, respectively, by Miss Miriam Rock, Miss Helen Long and Miss Veronica McGuire. Eight students received certificates of promotion in music. The events of commencement week included high mass Sunday at St. Joseph's Church, benediction at St. Edith Chapel, cards, music and dancing Monday at St. Edith Auditorium, banquet at St. Anne's Guest House, several business meetings and entertainments given by the young women of the academy. Mass for the deceased alumnae and mass for the living alumnae was said Monday and Tuesday.

STATE SOCIETY CELEBRATES.

400 West Virginians Here Observe Anniversary of Commonwealth.

More than 400 West Virginians were present at a meeting of the West Virginia Society of the District, held at the Pythian Temple last night, in celebration of the fifty-third anniversary of the admission of the state into the Union. Col. J. William de Grange was in charge of the evening's entertainment, which consisted of addresses by N. B. Scott, Conrad H. Saxe, Gen. W. W. Wood and Raymond B. Dickey, and musical numbers by Miss Helen Crennan, Mrs. Dickey and W. E. Braithwaite and Mrs. Charles Brooks Smith. The resolution adopted by Gov. Hatfield, setting aside yesterday as a state celebration day, was read, and the state song was sung and the state "creed" read.

FOR AMERICAN RELIEF FUND.

Resolution to Name Sunday Day Reported Favorably to House.

The Senate concurrent resolution asking the President to designate a day on which the citizens of this country may contribute to the funds being raised for relief of Armenians in the beleaguered countries was reported favorably by the House foreign affairs committee today. The resolution says the Armenians are suffering misery and death and hardships; that several hundred thousands of them need food, clothing and shelter and have been required by war conditions to leave their homes and property, causing them starvation, disease and untold suffering.
